NEW SPRING MENU

The signs of spring are all around us: daffodils, crocus and primrose, apple and cherry blossom on the trees and Easter just around the corner. British Sandwich Week

Do you have your own sandwich recipe, a particular favourite that you like to make? Perhaps it is something that is unique to you, your family, friends or the organization you work for? In May it is British sandwich week, so in April we will be inviting you to enter our competition to create the best sandwich you can. The winning sandwich will become Farmers & Fletchers In the City's signature sandwich and will feature on our menus. We are looking for new, interesting and quirky ideas. All we ask is that all of the ingredients are either grown here or can be found on British farms and around our shores.

Full details of how to enter will follow in next month's newsletter. Time to start creating, customizing and tasting.
